Topographic Survey to include:

A. VERTICAL DATUM

- | | |
|------------------------------------|---------------------------------|
| 1. <input type="checkbox"/> N.G.S. | <input type="checkbox"/> County |
| <input type="checkbox"/> U.S.G.S. | <input type="checkbox"/> Local |
| <input type="checkbox"/> F.E.M.A. | <input type="checkbox"/> Other: |
2. ☐ Set 2 benchmarks on-site or adjacent to site.

B. LIMITS OF TOPOGRAPHY/OVERLAP COVERAGE

North:
South:
East:
West:

C. SITE GRID COVERAGE

1. ☐ 50' paced grid, high and low points.
2. ☐ 75' paced grid, high and low points.
3. ☐ 100' paced grid, high and low points.

D. TREES

1. ☐ All Trees.
2. ☐ Trees 4" diameter and greater, measured 3' above grade.
3. ☐ Trees 6" diameter and greater, measured 3' above grade.
4. ☐ Tree Limits.
5. ☐ No Trees.

E. SPECIAL SERVICES

1. ☐ Wetland Stakes.
2. ☐ Soil Borings.

F. IMPROVEMENTS

1. NOTE: All fences (within 5' of property lines), spot elevations, one-foot contour lines, and all other above ground improvements and observable natural features will be shown on the survey.

BUILDINGS

1. ☐ Show top of foundation, finished floor elevation, existing grade and building dimensions (nearest .05') of all buildings within survey area.

SIDEWALKS

1. ☐ Show the existing elevations to nearest .05' at 50' intervals (width and material will be shown).

CURB AND GUTTER

1. ☐ Show elevation of top of curb and gutters at approximate 50' intervals.

PAVED AREAS

1. ☐ Show edge of pavement, high and low points at approximate 50' intervals.
2. ☐ Striping/parking spaces.
3. ☐ Lighting.
4. ☐ Other:

G. UTILITIES

NOTE: Utility data may not be received within survey time frame.

1. ☐ Observable utilities (storm, sanitary, water): RIM and INVERT elevations will be measured for storm, sanitary and water services. Pipe sizes will be given when available.
2. ☐ Non-observable utilities (gas, Ameritech, ComEd, cable, etc.): Client/owner will contact J.U.L.I.E. for locations prior to surveyors field work.
3. ☐ Observable storm structures, swales and drains will be field located and mapped.
4. ☐ Special Requirements:

H. FINAL PRODUCTS

NOTE: Property line information, building lines and easement lines, when known, will be shown. The North arrow, legend of symbols and abbreviations used on the drawing will be shown.

1. The scale of the drawing will be 1"=50' (unless otherwise directed).
2. Drawing sheets will be 24"x36" in size (unless otherwise directed).
3. A computer disk (AutoCAD 2000) will be provided in the following format:
☐ .dwg ☐ .dxf ☐ other:
